Your DX
Journey!**

Cloud for Enterprise Business

Multi-Cloud Managed Services to achieve the Lowest TCO

Managed Public Cloud

Scalable virtual machines with comprehensive managed services and virtual data centres that are ready to provide compute, storage and network resources to run your workloads within minutes.

Managed Private Cloud

Cloud computing where IT services are provided over the dedicated use of compute, storage, security and network resources for a single organisation as a single exclusive tenant.

Managed Hybrid Cloud

A combination of public and private clouds providing the most flexible and cost effective cloud computing solutions and services. Converged Billing to save costs and avoid WHT.

Cloud Migration

Defining, planning and migrating workloads from on premise infrastructure to cloud platforms in order to achieve agility and scalability based on pay as you grow business model.

Cloud Managed Services

24x7 cloud operations and support services including service desk ticketing systems and escalation process management based on predefined severity levels.

Cloud Platform Costs Optimization

Professional services to analyze your cloud platform architecture, usage pattern and suggest cost reduction approach without impacting your business operations.

Your One-Stop Cloud Solutions & Managed Services Provider

Public cloud (AWS) & sovereign cloud (EVC) consultation, assessment, migration, optimisation and value added managed services

24x7 managed backup and DR as a service with Aegis 1PAT/DRIB solutions and DR workspace facility enabling data protection & business continuity

24x7 managed security services delivering highest protection against cyber threats with SOC, MDR, VA, PAM, Isolation, Zero Trust, Pen-Test and IR Services

Cloud driven software as a service applications to accelerate business growth via IOT, Data Analytics, AI/ML, eComm, CRM, ERP and Digital Workspace Solutions
